- Act as a member of the health care team
- Integrate research into practice and create, utilize and/or disseminate new knowledge

Here's What You'll Need:

- Completion of a three- to four-year program in diagnostic medical sonography or ultrasound technology or completion of a two- to three-year program in a related allied health field
- One-year post-diploma program in diagnostic medical sonography from an accredited institution are required
- Must be eligible for Registration with the College of Medical Radiation Technologists of Ontario
- American Registered Diagnostic Cardiac Sonographer Certification
- Previous echocardiography experience preferably in a paediatric environment
- Training in Paediatric or Adult Echocardiography is an asset
- Excellent knowledge of cardiac anatomy, physiology and paediatric surgical procedures
- Excellent interpersonal, communication and teaching skills
- Demonstrated ability to for critical thinking, problem solving and teamwork
- Strong customer service focus
- Attention to detail and efficient time management skills
- Ability to work under minimal supervision
- Commitment to continuous learning and improvement
- Basic proficiency with computers

Employment Type: Permanent, Full-time; 1.0 FTE. *Includes access to health & dental benefits, pension plan, 3 weeks vacation to start, and paid sick days.*

Location: 555 University Avenue, Toronto ON

Salary: Commensurate with experience (range is from \$34.89 to \$52.34 per hour)

Please note: The successful candidate must be able to function in the role proficiently in English.
