

**17TH ANNUAL CANADIAN ECHO WEEKEND
APRIL 23-25, 2015
TORONTO, ON**

Session Title: How to Achieve the CCN Standards for Echocardiography in Ontario

Presenter/Author: *Howard Leong-Poi, Colleen Londry, Cairrine Sloggett*

OBJECTIVES: What questions or points will participants learn or discuss?

1. **Learn the history and rationale for the Cardiac Care Network (CCN) Standards for the Provision of Echocardiography in Ontario.**

2. **Discuss the Review Process for the CCN Echocardiography Quality Improvement (EQI) Program to support Echocardiography laboratories in Achieving the Standards for Provision of Echocardiography in Ontario.**

3. **Discuss questions over the review process and help participants understand how best to achieve the Standards**

DISCUSSION: Please provide a summary of the discussion and/or include 3 to 6 key presentation slides.

See attached slides and document

*****An updated version of the Echo standards will be available at the CCN Booth during the CSE – please stop by to pick one up. *****

CONCLUSIONS:

1. **The implementation of the Cardiac Care Network (CCN) Standards for the Provision of Echocardiography in Ontario is meant to help facilitate improvement in the quality of echocardiography services across all Echo Labs in Ontario**

2. **This would serve to improve efficiencies of echo care delivery, improved management of patients with cardiovascular disease and improve quality and appropriateness in echocardiography across Ontario**
