

Professional Practice Leader – Cardiac Sonography

Interior Health's Cardiac Services has a career opening for a Professional Practice Leader, Cardiac Sonography. If you are an experienced Cardiac Sonographer who excels in your practice and has leadership experience, apply today to join our experienced and supportive team of professionals and make a difference in people's lives.

The hospital is a 317 acute bed hospital and one of Interior Health's two Tertiary Referral Hospitals. Adjacent to Kelowna General is the Interior Heart & Surgical Centre (IHSC), which provides timely, much needed surgeries to patients who require lifesaving procedures. The KGH Cardiac Program has expanded in recent years and includes:

- Transcatheter Aortic Valve Implantation
- Electrophysiology & Heart Rhythm Services
- Cardiac Catheterization
- Cardiac Surgery
- Rapid Access to Cardiac Evaluation (RACE) clinic
- Heart Function clinic
- Cardiac Device Implantation & Management

Working in accordance with established vision and values of the organization and in conjunction with the Regional Cardiac Diagnostic Manager, the Professional Practice Leader (PPL) is accountable for the supervision, daily administration and quality assurance for the department. The PPL has a strong leadership role in the cardiac program at Kelowna General Hospital and is actively engaged in regional echo projects & initiatives. Reporting to the manager on administrative matters, the PPL advises on workload, labour relations, financial affairs including equipment purchases, personnel recruitment & retention, performance evaluations and competency evaluations. The PPL is responsible for interpreting and implementing regulations, policies and procedures as they apply to cardiac sonography services.

The PPL is responsible for ensuring that standards for cardiac sonographers are consistent with regulatory, accrediting body standards and relevant legislation. The PPL further leads ongoing Diagnostic Accreditation Processes and associated quality improvement work. This position provides clinical guidance to cardiac sonographers and advises the manager on matters regarding cardiac ultrasound practices.

Interior Health has clinical advisory groups that are working together to ensure best practice throughout the organization. Experience the difference of working for the public sector; where it feels good to give back.

Rewards / Incentives

- Competitive compensation package
- Comprehensive Benefit package
- Generous Employer Paid Vacation
- Municipal Pension Plan
- Continuing Education programs
- Relocation package for qualified positions
- Eligibility for BC provincial loan forgiveness (in many of Interior Health's communities)

Be part of a dynamic team! To explore an exciting new career opportunity, apply online today! We would love to hear from you.
